Is the crow hopping around on its own?

NO

YES

Are there other crows tending to it? (You may need to observe for a while.)

NO

YES

Call the Santa Barbara Wildlife Care Network
(805) 681-1080

Keep an eye on the crow
Make sure there are no predators or dangers around (cats, dogs, cars, etc).

Call us if you believe it is in danger
Look for a nest and parents, take photos and videos of the bird found and call our HELPline for further instructions.
